Viserion Wick
Full Stack Developer

Antalya, Turkey | viserionwick@gmail.com | +90 (542) 292-9577
github.com/viserionwick | linkedin.com/in/viserionwick | viserionwick.vercel.app

Detail-oriented full stack developer with over 6 years of experience in engineering responsive and scalable websites using the latest technologies.

EDUCATION

Computer Science – *The Vocational and Technical Anatolian High School, Antalya* — **Aug 2015 - Jul 2019**
- Curriculum included university-level coursework in Software Engineering, Database Management, Computer Hardware, and Web Development.

EXPERIENCE

Full Stack Developer – *Portfolio* — Website | GitHub | **Dec 2022 - Present**
- Developed a GraphQL API for efficient data fetching from MongoDB, utilizing Mongoose.js ODM for NoSQL database modeling on the server side.
- While utilizing TypeScript, leveraged the APIs and SSR for server-side actions and Next.JS pages folder structure for routing.
- Utilized Jotai for state management to effectively handle component states and eliminate prop drilling.
- Implemented NextAuth.js for role-based access control and performed user permission checks using custom-built APIs.
- Engineered the backend of the custom-built admin dashboard to manage posts, users, inbox, and settings.
- Established CI/CD pipelines using Git, GitHub, and Vercel.

Full Stack Developer – *eCommerce Template* — Website | GitHub | **May 2022 - Nov 2022**
- Utilized Firebase Firestore for data storage and Cloud Storage for image storage and management.
- Developed a React.js context for handling authentication and authorization on the client side.
- Leveraged Firebase Analytics to track and store user behavior post-acceptance of a custom-built cookie manager.
- Implemented Firebase Authentication with role-based access control to ensure secure user authentication and authorization.
- Custom-built a cookie manager to handle user permissions for analytics, statistics, marketing, and preferences.
- Established CI/CD pipelines using Git, GitHub, and Netlify.

Intern – *Madam10* — Website | **Jan 2019 - Jul 2019**
- Developed Microsoft Excel automation tools to streamline the product manager's tasks and boost productivity.
